BTS love yourself the series creates 結 narrative by which linking the key songs to every album in a single theme, improving the message that love yourself is true love. Such a well-written novel that has introduction, development, perversion, and conclusion it shares a convincing story for two and a half years. 'ANSWER' is the final puzzle piece. Even if it's a repackaged album, LOVE YOURSELF 結 'REPLY' still includes seven brand-new tracks. The CD is a concept album, tracks its sez all linking lyric to highlight BTS' promotion as both artists and storytellers. On August 13, 2018, BTS dropped the first batch of self lovers: Photos of the Answer concept. Out of the four versions they will be releasing, so far the S and E concept pictures have been shown. #BTS #방탄소년단 #LOVE\_YOURSELF 結 'Reply' Concept Photo S version pic.twitter.com/dQH0bjGvPP - BigHit Entertainment (@BigHitEnt) 13 August 13, 2018 #BTS #방탄소년단 #LOVE\_YOURSELF 結 'Reply' Concept Photo S Version pic.twitter.com/bT9mq1332 - BigHit Entertainment (@BigHitEnt) Month 13, 2018 After interviewing a fan for their opinions and theory so far for the Space version of the concept pictures, here is what they have to say about the pictures: It has given me such a creepy vibe and stuff since it has been all hands, eyes and stuff but I think it's a symbol that they're going to expose all the crap they've been born in for so long. I think the meaning behind their hands, the fans who are annoying them at the airports or anywhere else with their eyes and cameras represent the government watching on them. - Anonymous ARMY looks at the choices equipped for the S version, it seems to have used a retrome downpour to them. Which makes the theme more old. When taking a deeper look and reading the other ARMYs theory about these photos, many were corrected in the novels, 1984, written by George Orwell. Going by the way they own and how they're avoiding their hands, cameras, and eyes, corlate in 1984, that the setting of the novels is a dystopia. #BTS #방탄소년단 #LOVE\_YOURSELF 結 'Reply' Concept Photo E version pic.twitter.com/Xf1vuzg1h - BigHit Entertainment (@BigHitEnt) Month August 13, 2018 #BTS #방탄소년단 #LOVE\_YOURSELF 結 'Reply' Concept Pictures version pic.twitter.com/KwAl60FyhB - BigHit Entertainment (@BigHitEnt) August 13, 2018 The host interview as before, here is what they have to say about these pictures: In the bound group pictures are like doll and in fake love J-hope says: in my face and make me your doll.' If you notice in the picture, there's a wind up clear. You usually give a doll an order in other words you 'control' the doll. The solo pics you see are inside a bubble with flowers that probably represent the trapped hearts of Paradise (?). And if you notice, Jungkook is the only guy with the dead plants that refer back to the songs, 'Dead Leaves' and 'The Toldd Truth.' He represents the omelas boy from the spring. Which symbolizes that he has traded himself in for the happiness of other members'. - Anonymous Army As what it looks like, the E version is bringing a dollar-like concept. It might mean many possibilities but also could represent the idols industry and how hard it could be about telling idols? Putting both versions together one host said, so with the first set of colds pictures, I think we'll find a partially album on how hard idols life is, and partially continue the 'Reflections of Youth' story, unconstitute why version S looks different from version E. - Anonymous ARMY Otherwise, the concept pictures are a very nice and fun look at. BTS should disclose the next two, L&Amp;F; very soon! What are some of your thoughts and theories about these two versions of love yourself? Respond so far? It's colorful and lightweight... but not exactly alive. Given that Answer is not only the last chapter of the series loves yourself, but at the end of the youth era as a whole (which started in 2015), it's almost as if this is to gooden them to their old levels. This might be interpreted as wanting to knowledge about the youth, but it seems more likely to me that they're ready to let go of the youth and move on to adults (e.g. the next era). era).
